Subject: Effluent Trading - Heads Up!

Hi Jeff. This is just FYI for now.

As you know, I've been involved in Effluent Trading representing Enforcement interest along with Dustan Bott. We are at the point in the process where we need to weigh in on the Enforcement guidance for trading. I feel Dustan and I have things under control.

Dustan says Kim has taken an interest in this and has tentatively proposed to do a briefing for Ed. The briefing will likely be sometime around the middle of September says Dustan. I've asked Dustan to make sure you are included. It will focus on the latest guidance thoughts on Permit language supporting effluent trading enforceability.

Attached is that guidance document. I don't think you need to spend too much time on it for now. I will have a synopsis of it with my comments in a week or so.

Chae
